

Komeil Yeganeh

FrontEnd Developer

+98-935-725-6835 [Github](#) [Linkedin](#) komeilyeganeh261@gmail.com

SUMMARY

Frontend Developer with 4+ years of experience building scalable, production-ready applications using React, Next.js, and TypeScript. Specialized in writing unit and integration tests (Vitest + React Testing Library) and implementing CI/CD pipelines (GitHub Actions) to ensure code reliability. Experienced in state management (Redux, Zustand, Context API) and containerization with Docker. Proven track record of improving application performance and maintainability.

PROFESSIONAL EXPERIENCE
